

Greases

TYPES	PRODUCT	GRADE	CHARACTERISTICS
Lithium Complex Greases	Toughlix Grease	MP 1 / 2	Energy saving performance & extreme high pressure property
		RB 0 / 1 / 2	Heat & water resistance, extreme high pressure property & corrosion resistance
For Roller Bearing	Multinoc	Grease 1 / 2	Lithium grease for high-speed roller bearings(standard types)
		Delux 1 / 2	Lithium grease for high-speed roller bearings(long-life types)
		Wide 2	Long-life lithium grease for high-speed roller bearings in low temperatures
		SDX	Synthetic long-life lithium grease for high-speed roller bearings in low temperatures
		Urea	Diurea grease that has long-life at high temperatures for high speed bearings
	ENS Grease		Synthetic urea has long-life at high & low temperatures for high speed bearings
Lithium-Type Extreme-Pressure Greases	Epnoc Grease	AP(N) 0 / 1 / 2	Multipurpose extreme-pressure lithium grease
Low Temperature Greases	Epnoc Grease	LT 1 / 2	Multipurpose lithium for low temperature(minimum: -40 ⁰ C)
		203 K 2	Multipurpose lithium for low temperature(minimum: -70 ⁰ C)
Urea-Type High-Temperature Grease	Pyronoc	CC 0	Heat resistant for bearings in continuous casting machines
		CC 1	Ashless heat resistant for bearings in continuous casting machines
		Universal 0 / 1 / 2	High-temperature, extreme pressure & water resistant Mutipurpose
		WH-1	for Wire harness
Bentone-Type High-Temperature Grease	Thermonix Grease	1 / 2	High-temperature grease
		EP 1 / 2	High-temperature grease with anti-wear
Grease For Geared Motors	Pyronoc	Universal 00 / 000	Urea grease for geared motors
Lithium-Type Extreme Pressure Grease Containing Molybdenum Disulfide	Molynoc Grease	AP 0 / 1 / 2	High load-carrying-capacity grease containing molybdenum disulfide
Compounds	Cranoc Compound	00 / 0 / 1 / 2	Lubricants for open-type gear & wire ropes
Silicon Grease	Silicon Grease	2	Silicon grease for high & low temperature
